

Portland, Oregon Feb. 19.

Dear Sir. Thanks for your determination of my  
last. Did you notice my 1420, which you  
call *Solidago confertiflora*, is very glau-  
dular? This is not so as it occurs about  
Portland. Delays are dangerous! you may  
say. I find the trip after D. Lewis, with  
carriage and hotel with meals for two  
days, will come to nearly \$15.00. Is the  
plant worth this to you? Perhaps Mr  
Hobson of N. Y. may defray part of the expense,  
as he had written for it.

467-7th St.

Yours in haste, L. F. Henderson
